Экоупаковка. Eco packaging
www.doeco.ru

■ WHO WE ARE

DoECO is a Russia owned and operated trademark part of the GDC group. We provide a complete range of sustainable packaging solutions which are 100% locally designed and developed in full compliance with the latest industry regulations and standards.

Innovation is at the core of our business. DoECO packaging is designed by our inhouse RnD team and is made completely from ecofriendly paperboard resources, surpassing Chinese and European analogs. Our packaging became extremely popular because it makes food look stylish and eco-friendly at the same time. Along with upscale look, exceptional quality and environmental friendliness we offer low trade prices and cost-effective delivery with minimal turnarounds.

Our eco-friendly packaging is ideal for all the catering services, bakeries, restaurants, coffee shops, takeaways and fast food restaurants that want to reduce their carbon footprint and help preserve the environment.

■ OUR MISSION

We are on a constant quest to raise the bar and set new benchmarks in the food packaging industry in Russia and worldwide.

We are committed to fight the growth of CO² emissions and reduce the amount of waste produced in society by developing eco friendly and sustainable packaging.

■ OUR VISION

After reaching the major milestone of becoming a leader in Russia and CIS, our next big challenge is to be able to shape the food packaging mentality on a global basis. We will only manage that by creating and promoting eco-friendly packaging and inspire others to do the same.

№ 1

IN RUSSIA AND CIS

We are Russia's and CIS leading developer, manufacturer and supplier of eco-friendly food packaging.

GLOBAL REACH

We are a major player in the global food packaging arena, we export to more than 30 countries worldwide.

EXTENSIVE CUSTOMER NETWORK

We are a proud supplier to more than 6 000 caterers, supermarkets, fast food and take away restaurants.

SOPHISTICATED SUPPLY CHAIN

Warehouses and representatives in Russia and worldwide, we guarantee minimal delivery costs and turnaround.

RELENTLESS PRODUCTION AND DEVELOPMENT

We have produced more than 5 000 000 000 packaging and counting.

FEATURES YOU AND YOUR CUSTOMERS WILL LOVE!

We do ECO packaging and we are the best at what we do!

ECO-FRIENDLY

Diverse sustainable packaging made from environmentally friendly paperboard materials.

GREASE & WATERPROOF

Entirely leak proof packaging ideal for liquid and moist food storage.

MICROWAVEABLE

All our food containers are 100% safe and suitable for microwave use.

ELEGANT

Exceptional look and design, surpassing European and Chinese analogs.

RECYCLABLE

Produced from cardboard that can be recycled and reused to help reduce the consumption of fresh raw materials.

CERTIFIED

All our packaging is produced in compliance with global environmental standards and is ISO and HACCP certified ensuring consistent safety and quality.

NONSTOP MANUFACTURING CAPABILITIES

LOW TRADE PRICES

We are in position to set our own trade prices as we fully control production and delivery costs which gives us a huge advantage over competitors.

ON TIME DELIVERY

Cut out the middle man and decrease delivery turnaround as we ship directly from our manufacturing site and warehouses eliminating all logistics issues.

SAFETY AND QUALITY

We take quality and safety very seriously therefore we are constantly carrying out inspections throughout the entire process. We track and monitor every element prior, during and after production.

TESTING

We measure and record the performance of all raw materials, adhesives, coatings and manufacturing settings. All materials are thoroughly checked and tested in our laboratories before going to production.

OUR PRODUCTION CORE COMPETENCIES

MAXIMUM FLEXIBILITY

We are able to react to market changes and customer demands rapidly and apply new business processes instantaneously instead of having to contact 3rd parties and manufacturers on the other side of the world.

TAILOR MADE PACKAGING

Bespoke packaging processes are implemented easily and quickly through our in house RnD department limiting error possibilities and time delays.

Our packaging is manufactured locally from renewable resources. All of our paper is sourced from responsibly managed forests across Russia.

ACREDITATIONS

SUSTAINABILITY

Is at the heart of our business!

We are the pioneers in promoting sustainable food packaging across Russia and CIS countries. All our products are largely manufactured from recyclable resources as an effort to help our customers endorse sustainable food packaging and improve their green credentials.

GREEN CREDENTIALS

We stay true to our commitments.

ECO FRIENDLY

We advocate the use of packaging aimed to reduce CO2 emissions and help preserve the environment.

BIODEGRADABLE

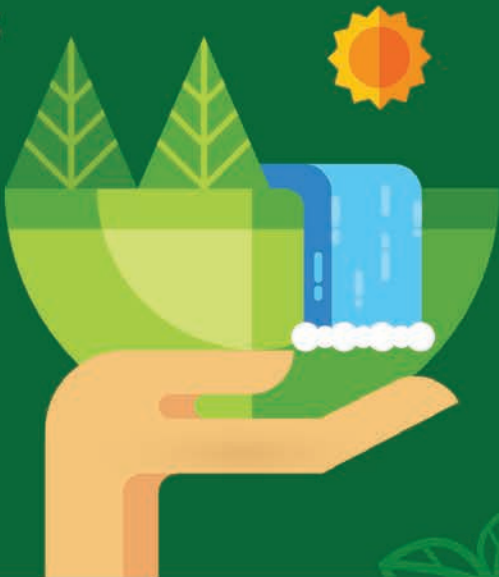

Most of our packaging is capable of being broken down and return to nature in a reasonably short period of time.

RENEWABLE MATERIALS

All our packaging is made from readily recyclable paperboard resources.

RECYCLABLE

All our paperboard packaging can be easily reprocessed and reused to help limit waste.

WATER & GREASEPROOF

Product is entirely leakproof.

HOT CONTENT FRIENDLY

Can be used to carry and store hot food.

MICRO-WAVEABLE

The product is **100% safe** for microwave use.

TABLEWARE ALTERNATIVE

You may use knives and sharp cutlery to cut food right in the packaging.

CUSTOM PACKAGING

Custom branding/printing available.

CERTIFIED PRODUCT

The packaging is ISO and HACCP certified ensuring consistent safety and quality.

MADE FROM RENEWABLE RESOURCES

Product is made from paper or cartonboard materials.

BIO-DEGRADABLE

The packaging is capable of being broken down and return to nature naturally.

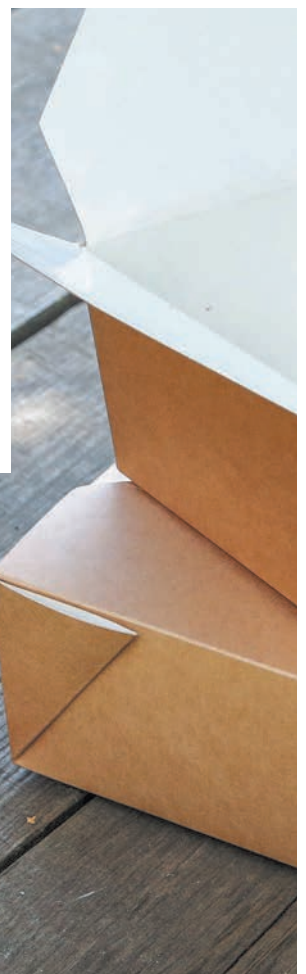

RECYCLABLE PACKAGING

Products can be recycled after use.

OUR PRODUCT KEYS

READY MEALS AND SALADS

Lunch Box

- Water and grease proof food container
- Microwaveable
- Perfect packaging solution to store and carry your meal
- Ready to use product
- Custom branding available
(available in specific design, geometry and materials upon request)

This product is supplied assembled.

Product ID	Dimensions, mm	Volume, ml	Case size, Pcs	Package weight, kg / volume, m ³

Disposable Protecting Apparel LAB+

Whether you run a bakery, deli, restaurant, or even a pharma/biotech lab, disposable clothing is a necessity for maintaining the international hygiene and safety standards and from keeping employees' clothing safe from stains, soils, and other discolorations.

We offer a wide range of disposable clothing such as single-use aprons, gloves, sleeves and headware, all of which can be thrown away after your employees are done.
